

Happy New Year to you!

As we are now entering upon a New Year, we hope it will be a prosperous one for you—that you may be healthy. But if you need any Drugs, we will be glad to furnish them as cheap as anyone. Should you wish to paint your house we can save you money, as it has never been said to us, "We can buy Paints and Oils cheaper in any other town than Jasper." In days gone by we have been told you could buy Wire Nails cheaper in adjoining towns, but not so in three years, or since we began to buy in carload lots we have set a price that they did not come to. We are now making the lowest prices of any town in southwest Mo. If you don't believe it, get our prices on wire or let us figure on your Hardware bill and we will show you. We are trying to build up Jasper and make it the best town to trade in, for we think it the best county in the best state in the World to live in. And while we have not let other towns beat us on Drugs, Hardware, American Fence or Buggies, we expect to set them a merry gait on Farm Implements the coming season. We are agents for the Famous Moline Line of Goods. We bought them as cheap as anyone can buy. With no rent to pay, with less running expenses, we will save you money. We say to others, We care not who they be, "mark down your prices, for we are going to show you in 1903 that we are strictly in it.

Your Humble Servants,
WEBB BROTHERS.

Temperance and Business

From The Youth's Companion.

Ever since the active movement in favor of temperance began, stress has been laid chiefly on the moral side of the question. That is as it should be. The moral side is the side which is most important and most conspicuous. But the temperance question has also an industrial or financial, a business aspect, which, although it has not been so generally considered, is too significant to be disregarded.

An English political economist who has been studying the causes of the wonderful progress of the United States gives most of the credit to the comparative abstinence of the Americans from intoxicating drinks.

In Collinwood, Ohio, a suburb of Cleveland, are large repair-shops belonging to the Lake Shore Railroad. Just before the last election the company announced that if the town voted no on the license question the corporation would spend a million dollars there for additional shops. If the saloons remained the company did not care to increase its plant, because it could not get and keep the high-class of workmen it required. The town voted for no license by a large majority, and in one month thirty-six saloons had been closed. The newspapers justly pronounced it "a great business victory."

The Southern Pacific Railroad has been in the habit of leasing bar privileges on its coastwise steamboats. It received one hundred and fifty dollars a day from each, yet it has lately abolished all the bars on the ground that they alienated more business and entailed more expense than they were worth.

A look collector recently

examined three magnificent private libraries which had unexpectedly come into the auction-room. Investigation revealed the fact that in each case the sale was due to the dissipation of the owner. And now, to cap the climax, the liquor seller himself is urging temperance—for business reasons. The National Association of Retail Liquor Dealers passed this amazing resolution: Recognizing the weakness of human nature, we are ready to lend our influence to the reform of the drunkard and the curtailment of the evil resulting from excessive indulgence.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circulars free.

Her son mentioned that he had seen chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days.
